# TiMOTION Technology Co., Ltd

## (User Manual-TH25)

#### **Specifications:**

Model No.: TH25

Battery: 1.5V Size AAA\*3 Dimensions: 148\*60.1\*26.7mm

Transmit frequency 315MHz

Data Transmit mode ASK Transmit

Ambient Temperature :  $0\sim40^{\circ}$ C

### **Applications:**

Chairs and beds Remote controls.

Other electric furniture controls.

#### FCC ID:W6JTH25

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1)This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the use's authority to operate equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device ,pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation .This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in harmful with instructions accordance the ,may cause interference communications. However, there is not guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- --Reorient or relocate the receiving antenna.
- --Increase the separation between the equipment and receiver.
